

# Apple Wassail

*Spratty Knight is in charge of a band that goes round wassailing apple trees to ensure a good crop - this song describes how!*

*Note: Every time you sing the chorus, you add another line as more and more apples are wished for - but there's always a little heap of them under the stairs! The full (final) version of the chorus is given in the music.*

*Lyrics on next page.*

*by Kit Barbourne and Gerald Merrowvale*
