

Down to Earth

1. The mud's the Marcher's own
best friend
Though you may laugh, its true
Whilst you think mud is "filthy",
well
We take a different view

And when the day is o..ver
We'll drink a glass or more, to
Marcher mud - its in our blood,
Ingrained in every pore

Chorus:

We're down to earth, down and
dirty
Down and dirty
Down and dirty
Down to earth, down and dirty
Digging for victory

2. We scorn polite society
To cultivate its loyalty
And though you think it
unrefined
We treat it just like royalty

And when the day is o..ver
We'll drink a glass or more, to
Marcher mud - its in our blood,
Ingrained in every pore

Chorus

3. We strive to treat the mud
with care

With lots of muck and tilling
And it repays us thousandfold -
That's why its so fulfilling

And when the day is o..ver
We'll drink a glass or more, to
Marcher mud - its in our blood,
Ingrained in every pore

Chorus

4. The mud's the Marcher's own
best friend
So cross us if you dare
For it shall heed our call to war!
Intruders best beware.....

And when the day is o..ver
We'll drink a glass or more, to
Marcher mud - its in our blood,
Ingrained in every pore

Chorus
